RESEARCH FOCUS

I work on building realtime interface to AGI at OpenAI. My work spans voice assistants, generative audio, speech synthesis, diffusion models, efficient distillation and text-based audio editing. My research has been rooted in the fundamentals of generative modeling and deep learning since 2016.

EXPERIENCE

Member of Technical Staff, OpenAI 2025-present
Building next-generation voice interfaces to AGI.

Senior Research Scientist, Adobe Research 2023-2025
Led speech generation research for controllable text-to-speech synthesis, automatic dubbing, and speech editing. Shipped core models behind Adobe Firefly Translate Video and Audio, Text-to-Avatar, and Adobe TTS API. Developed broadcast-quality audio diffusion models and efficient distillation algorithms for voice translation and controllable TTS across 25+ languages and dialects.

Technical Lead, Audio Research, Descript (prev. Lyrebird) 2019-2023
Led audio research across neural text-to-speech, voice cloning, speech editing, and audio language modeling. Shipped 4+ research models powering Overdub, Regenerate, and AI Voices. Developed audio language models and high-fidelity voice cloning systems for text-based speech correction and 44.1 kHz voice generation.

SHIPPED PRODUCTS

GPT Live 1 2026
A new generation of voice models for natural human-AI interaction, now powering ChatGPT Voice.

Adobe Firefly Translate Video and Audio, Text-to-Avatar 2025
Speaker-preserving voice translation for multilingual media workflows, plus voice generation for animated avatars.

Descript Regenerate 2023
Speech editing and audio repair that turns awkward cuts, gaps, and retakes into smooth generated speech.

Descript AI Voices / Overdub 2018
Voice cloning and text-to-speech systems behind Overdub and later AI voice creation workflows.

EDUCATION

M.Sc., Computer Science, Mila - Universite de Montreal 2017-2019
CGPA: 4.15 / 4.3.

Supervised by Prof. Yoshua Bengio. Thesis: Maximum Entropy Generators for Energy-Based Models.

B.E., Computer Science and Engineering, Anna University 2013-2017
CGPA: 8.63 / 10.0

Rank: 46 among 16,449 candidates.
